

Splashery

The catalog: 319 toys made of 3D Gaussian splats

Every toy runs in your browser, free, with nothing to install. Scan a toy's code, or follow its link, to play with it.

ryanjosephkamp.github.io/splashery/site/

Cactus

Tap it to open a ring of flowers around its top.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cactus/

CREDITS

- Scan: [Cactus \(3DGS sample data\)](#) by steam studio / 3D SCAN STUDIO iris, CC0 1.0.

Strawberry

Tap it to pop out its seeds.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/strawberry/

CREDITS

- Scan: [Strawberry](#) by Dany Bittel, CC BY 4.0.

Heart cookie

Tap it to make the jam heart beat.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cookie/

CREDITS

- Scan: [Heart Cookie](#) by Dany Bittel, CC BY 4.0.

Honeybee

Tap it to make it buzz its wings and lift off.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bee/

CREDITS

- Scan: [Japanese Bee](#) by YUMA Co., Ltd., CC BY 4.0.

Cluster fly

Tap it to make it groom its legs and face.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cluster-fly/

CREDITS

- Scan: [Cluster Fly](#) by Dany Bittel, CC BY 4.0.

May beetle

Tap it to lift its wing cases and fan its antennae.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/may-beetle/

CREDITS

- Scan: [MAY-BEETLE-HIRES](#) by trilithon, CC BY 4.0.

Millipede

Tap it to send a wave down its legs.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/millipede/

CREDITS

- Scan: [millipede spec.](#) by scant3d, CC BY 4.0.

Carder bumblebee

Tap it to make it hover.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bumblebee/

CREDITS

- **Scan:** Macroscan - Brown-banded carder bumblebee (*Bombus humilis*) by macroscans, CC BY 4.0.

Raspberry

Tap it to drop its drupelets and put them back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/raspberry/

CREDITS

- **Scan:** [Raspberry](#) by Dany Bittel, CC BY 4.0.
- **Sound:** [Impact Sounds \(impactSoft_medium_000.ogg\)](#) by Kenney, CC0 1.0.
- **Sound:** [Squish impact](#) by Bertsz, CC0 1.0.

Blackberry

Tap it to burst off its drupelets.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/blackberry/

CREDITS

- **Scan:** [Blackberry](#) by Dany Bittel, CC BY 4.0.
- **Sound:** [Impact Sounds \(impactSoft_medium_000.ogg\)](#) by Kenney, CC0 1.0.
- **Sound:** [Squish impact](#) by Bertsz, CC0 1.0.

Blueberry

Tap it to peel back its skin.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/blueberry/

CREDITS

- Scan: [Blueberry](#) by Dany Bittel, CC BY 4.0.

Grape

Tap it to peel back the skin.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/grape/

CREDITS

- Scan: [Grape](#) by Dany Bittel, CC BY 4.0.

Cinnamon star cookie

Tap it to crumble it and put it back together.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/star-cookie/

CREDITS

- **Scan:** [Cinnamon Star Cookie](#) by Dany Bittel, CC BY 4.0.
- **Sound:** [Crisp Crunch.m4a](#) by Yin_Yang_Jake007, CC0 1.0.

Tomatoes

Tap it to make the tomatoes hop and rock. With 🖐️ on, drag a tomato to lift it and set it down.

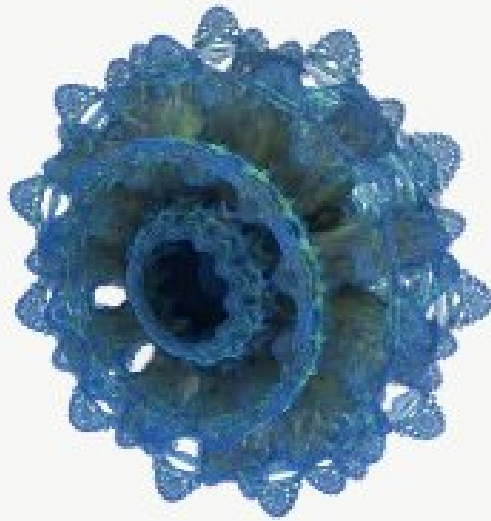

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/tomatoes/

CREDITS

- Scan: [Tomatoes - No Postshot!](#) by simonbethke, CC BY 4.0.

Mandeltorus

Tap it to spin its rings opposite ways.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/mandeltorus/

CREDITS

- Scan: [MandelTorus 4,12,8,1.5](#) (Spirula Studio) by harry7557558, CC BY 4.0.

Basket

Tap it to shake the shells.

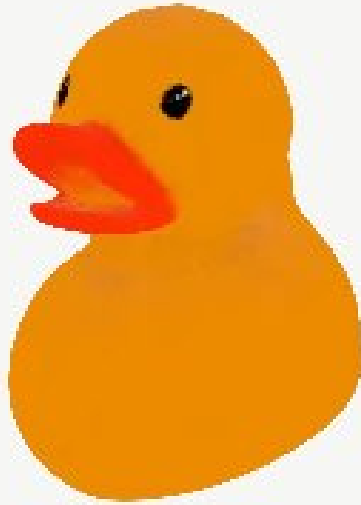

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/basket/

CREDITS

- Scan: [Basket](#) by hollmar, CC BY 4.0.

Real rubber duck

Tap it to squeeze it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/rubber-duck-real/

CREDITS

- Scan: [Rubber Duck Toy](#) by Plat251, CC0 1.0.

Garden gnome

Tap it to make it hop and light its lantern.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/garden-gnome/

CREDITS

- **Scan:** [Garden Gnome](#) by Bhargav Kubal, CC0 1.0.
- **Sound:** [Match Lighting Candle](#) by devilqube, CC0 1.0.

Wooden elephant

Tap it to raise its trunk and trumpet.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/wooden-elephant/

CREDITS

- **Scan:** [Carved Wooden Elephant](#) by Greg Zaal, CC0 1.0.
- **Sound:** [Elephant Trumpets Growls.flac](#) by D.jones, CC0 1.0.

Marble bust

Tap it to make it turn and say hello in Latin.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/marble-bust/

CREDITS

- Scan: [Marble Bust 01](#) by Rico Cilliers, CC0 1.0.

Ukulele

Tap it to strum a chord.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/ukulele/

CREDITS

- Scan: [Ukulele 01](#) by Joseph Burgan, CC0 1.0.

Real alarm clock

Tap it to ring the bells.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/alarm-clock/

CREDITS

- **Scan:** [Alarm Clock 01](#) by Yann Kervran, James Ray Cock, CC0 1.0.
- **Sound:** [old alarm clock ringing](#) by tuberatanka, CC0 1.0.

Vintage camera

Tap it to take a photo with a flash.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/vintage-camera/

CREDITS

- Scan: [Camera 01](#) by Rajil Jose Macatangay, CC0 1.0.
- Sound: [Vintage Camera Flash Powder and Shutter](#) by Werra, CC0 1.0.

Boombox

Tap it to play a beat.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/boombox/

CREDITS

- Scan: [Boombox](#) by Thomas Paul Mouilleron, CC0 1.0.

Real croissant

Tap it to tear it open.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/croissant-real/

CREDITS

- Scan: [Croissant](#) by Greg Zaal, Dario Barresi, CC0 1.0.

Carrot cake

Tap it to lift out a slice.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/carrot-cake/

CREDITS

- Scan: [Carrot Cake](#) by Greg Zaal, James Ray Cock, CC0 1.0.

Pomegranate

Tap it to split it open.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pomegranate/

CREDITS

- Scan: [Food Pomegranate 01](#) by Oliver Harries, CC0 1.0.

Lantern

Tap to light the lantern; tap again to put it out.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lantern/

CREDITS

- **Scan:** [Lantern 01](#) by Rajil Jose Macatangay, CC0 1.0.
- **Sound:** [blowing out candle.wav](#) by Reitanna, CC0 1.0.
- **Sound:** [Match Lighting Candle](#) by devilqube, CC0 1.0.

Cat statue

Tap it to make it look around and mew.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cat-statue/

CREDITS

- **Scan:** [Concrete Cat Statue](#) by Rico Cilliers, Riley Queen, CC0 1.0.
- **Sound:** [cat meow short](#) by skymary, CC0 1.0.

Horse statue

Tap it to make it rear up.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/horse-statue/

CREDITS

- **Scan:** [Horse Statue 01](#) by Rico Cilliers, CC0 1.0.
- **Sound:** [Renill de cavall / Horse Neigh](#) by Salsero_classic, CC0 1.0.

Real pencil

Tap it to spin it on the desk. Pick its color under Look in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pencil-real/

CREDITS

- Scan: [Kleiner Bleistift](#) by Tim Reckmann, CC BY 2.0.

Real tin can

Tap it to knock it into a spin. Pick its label under Look in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/tin-can-real/

CREDITS

- **Scan:** [Can opened with side opener](#) by LI1324, CC0 1.0.
- **Sound:** [Rolling Can Sound 2](#) by cower, CC0 1.0.

Torus

Tap it to spin it on its edge. Dress it as a donut, bagel or swim ring in the Toy tab.

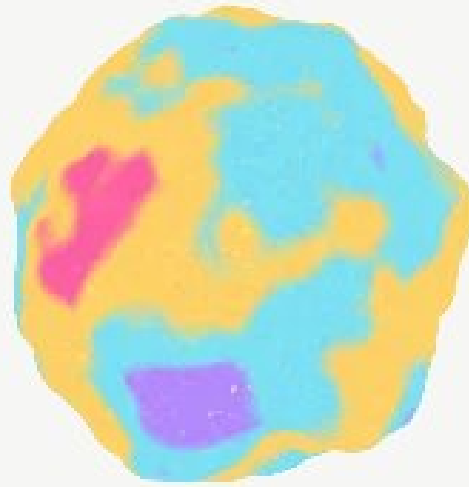

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/torus/

CREDITS

- Built from a recipe in the browser; no outside files.

Jelly blob

Tap it to split it into three. Make a shape of your own in the Make tab.

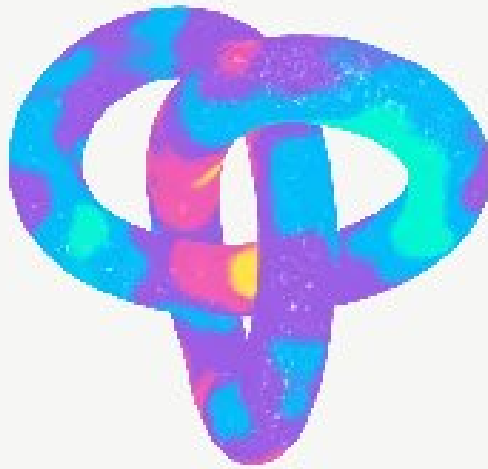

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/blob/

CREDITS

- Built from a recipe in the browser; no outside files.

Neon knot

Tap it to make it twist and writhe.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/knot/

CREDITS

- Sound: [highvoltagearc.wav](#) by Sclolex, CC0 1.0.
- Sound: [Jelly Wobbling in Egg Cup 2.wav](#) by lolamadeus, CC0 1.0.

Basketball

Tap it to dribble it. Hands-on: hold it and flick up to spin it on your fingertip.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/basketball/

CREDITS

- Built from a recipe in the browser; no outside files.

Soccer ball

Tap it for keepy-uppy: three kicks in the air, then it bounces to a stop.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/soccer-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

American football

Tap it to throw a spiral pass.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/american-football/

CREDITS

- Built from a recipe in the browser; no outside files.

Tennis ball

Tap it to slam it down and watch it bounce high.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/tennis-ball/

CREDITS

- Sound: [bola de tenis caindo.wav](#) by Negraovictor, CC0 1.0.
- Sound: [ball_hit_ground.wav](#) by Kyanite_, CC0 1.0.

Baseball

Tap it to pitch a curveball and hit it back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/baseball/

CREDITS

- Sound: [Bat Hit 9 FF095.aif](#) by martinimeniscus, CC0 1.0.

Softball

Tap it to pitch it underhand in a slow, high arc.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/softball/

CREDITS

- Sound: [ball_hit_ground.wav](#) by Kyanite_, CC0 1.0.

Beach ball

Tap it to toss it up. Hands-on: toss it and it floats and drifts down.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/beach-ball/

CREDITS

- Sound: [fotballPlast.wav](#) by blindmanonacid, CC0 1.0.

Golf ball

Tap it to chip it; the backspin pulls it back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/golf-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Rugby ball

Tap it to punt it end over end.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/rugby-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Volleyball

Tap it to set it up and spike it down.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/volleyball/

CREDITS

- Built from a recipe in the browser; no outside files.

Water polo ball

Tap it to toss it in. Hands-on: drop it on the water and it bobs and floats.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/water-polo-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Ping-pong ball

Tap it to flick it up and let it bounce to a buzz.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/ping-pong-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Cricket ball

Tap it to flick it seam up; it skids with backspin, then rolls home.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cricket-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Bowling ball

Tap it to bowl it down the lane with a hook.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bowling-ball/

CREDITS

- Sound: [B_2 Bowling ball striking pins.wav](#) by Yarmonics, CC0 1.0.
- Sound: [Bowling Ball.wav](#) by driftworks, CC0 1.0.

Pool ball

Tap it for a draw shot: it slides out and spins back. Pick its number in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pool-ball/

CREDITS

- Sound: [pool_break.wav](#) by reg7783, CC0 1.0.

Pickleball

Tap it to pop it up off a paddle.

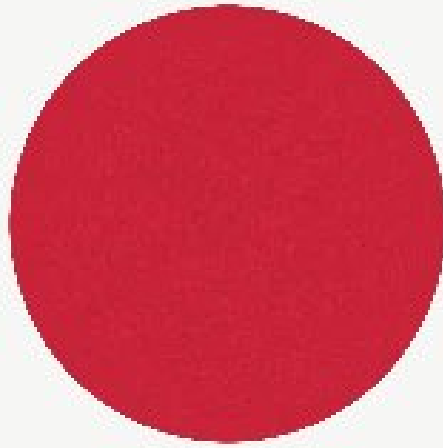

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pickleball/

CREDITS

- Built from a recipe in the browser; no outside files.

Dodgeball

Tap it to slam it down and watch it squash.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/dodgeball/

CREDITS

- Built from a recipe in the browser; no outside files.

Medicine ball

Tap it to heave it up and drop it with a thud.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/medicine-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Lacrosse ball

Tap it to slam it down; it bounces hard and fast.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lacrosse-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Squash ball

Tap it to warm it up; the warmer it gets, the higher it bounces.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/squash-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Bouncy ball

Tap it to throw it down and watch it ricochet.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bouncy-ball/

CREDITS

- Built from a recipe in the browser; no outside files.

Marble

Tap it to roll it around a little circle.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/marble/

CREDITS

- Sound: [Marble \(single\) rolling on wooden floor.wav](#) by LiezelDippenaar, CC0 1.0.

Hockey puck

Tap it for a slap shot across the ice.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/hockey-puck/

CREDITS

- Built from a recipe in the browser; no outside files.

Shuttlecock

Tap it to hit it up; it flips over and floats down cork first.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/shuttlecock/

CREDITS

- Built from a recipe in the browser; no outside files.

Flying disc

Tap it to throw it around a loop and back.

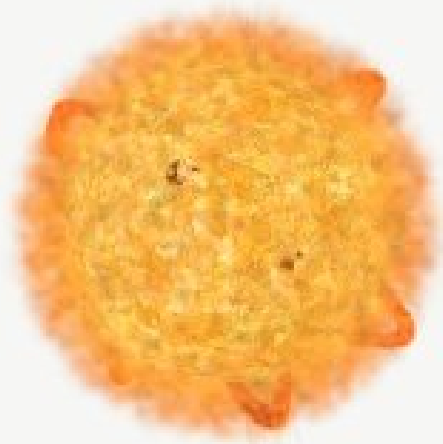

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/flying-disc/

CREDITS

- Built from a recipe in the browser; no outside files.

Sun

Tap it to set off a solar flare.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sun/

CREDITS

- Built from a recipe in the browser; no outside files.

Solar system

Tap to line up the planets and watch Mercury cross the Sun.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/solar-system/

CREDITS

- Built from a recipe in the browser; no outside files.

Mercury

Tap it to spin it fast in the sunlight.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/mercury/

CREDITS

- Built from a recipe in the browser; no outside files.

Venus

Tap it to whip the clouds around.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/venus/

CREDITS

- Built from a recipe in the browser; no outside files.

Earth

Tap it to turn it through one day and night.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/earth/

CREDITS

- Built from a recipe in the browser; no outside files.

Moon

Tap to land a lunar module; tap again to pack up and lift off. Pick the flag in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/moon/

CREDITS

- Built from a recipe in the browser; no outside files.

Mars

Tap it to raise a dust storm.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/mars/

CREDITS

- Built from a recipe in the browser; no outside files.

Jupiter

Tap it to race the cloud bands and spin up the Great Red Spot.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/jupiter/

CREDITS

- Built from a recipe in the browser; no outside files.

Saturn

Tap it to send ripples across the rings.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/saturn/

CREDITS

- Built from a recipe in the browser; no outside files.

Uranus

Tap it to roll it on its side like a wheel.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/uranus/

CREDITS

- Built from a recipe in the browser; no outside files.

Neptune

Tap it to race the clouds around it.

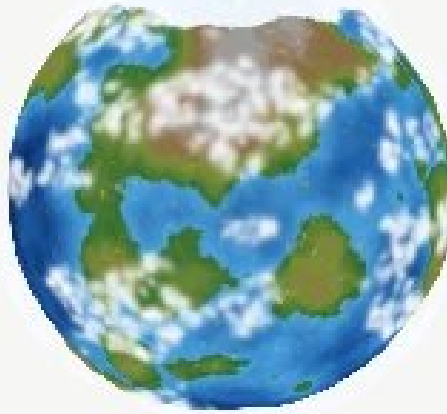

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/neptune/

CREDITS

- Built from a recipe in the browser; no outside files.

Tiny planet

Tap it to sweep night across it. Pick a planet under Planet in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/planet/

CREDITS

- Built from a recipe in the browser; no outside files.

Aurora world

Tap it for a burst of bright auroras.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/aurora-planet/

CREDITS

- Built from a recipe in the browser; no outside files.

Asteroid

Tap it to break it apart; its pieces pull back together.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/asteroid/

CREDITS

- Sound: [Rocks.wav](#) by adamgryu, CC0 1.0.
- Sound: [Muffled Distant Explosion](#) by NenadSimic, CC0 1.0.

Comet

Tap it to swing it past the Sun and flare its tails.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/comet/

CREDITS

- Sound: [Torch.wav](#) by DanielVega, CC0 1.0.

Meteor

Tap it to send it streaking in to burst in a fireball.

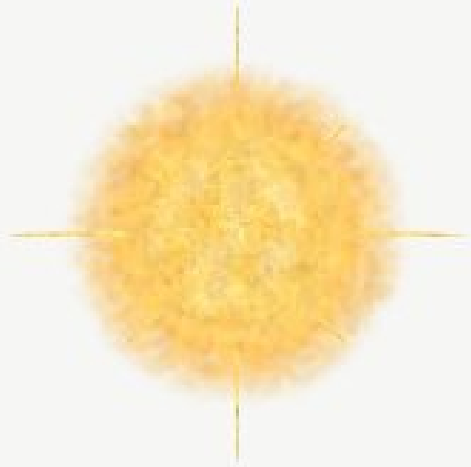

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/meteor/

CREDITS

- Sound: [Torch.wav](#) by DanielVega, CC0 1.0.
- Sound: [Muffled Distant Explosion](#) by NenadSimic, CC0 1.0.
- Sound: [Waving Torch.wav](#) by spookymodem, CC0 1.0.

Star

Tap to run the star's life, sped up. Pick the kind of star in the Toy tab.

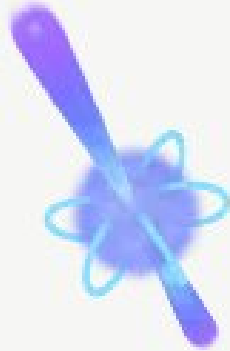

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/star/

CREDITS

- **Sound:** [Muffled Distant Explosion](#) by NenadSimic, CC0 1.0.
- **Sound:** [Deep Boom](#) by Za-Games, CC0 1.0.

Pulsar

Tap it to spin it up. Set its spin speed in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pulsar/

CREDITS

- Sound: [Deep Boom](#) by Za-Games, CC0 1.0.

Black hole

Tap it to feed it a star.

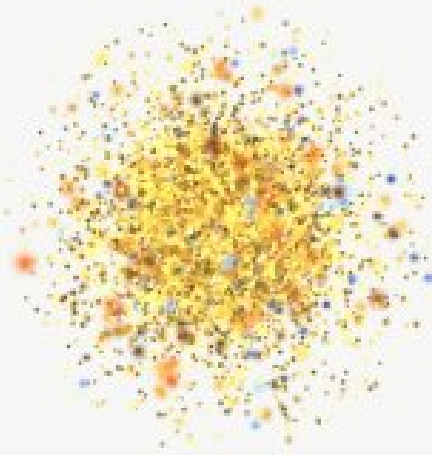

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/black-hole/

CREDITS

- Sound: [Deep Boom](#) by Za-Games, CC0 1.0.

Star cluster

Tap it to make the cluster breathe in and out.

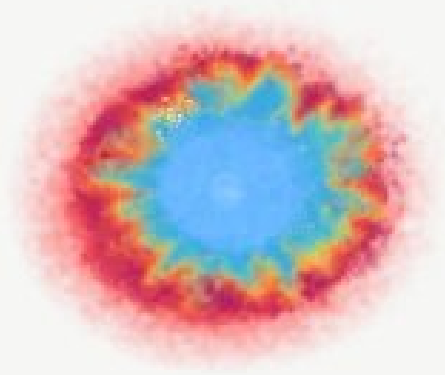

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/star-cluster/

CREDITS

- Built from a recipe in the browser; no outside files.

Ring nebula

Tap it to blow out a new shell of gas.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/planetary-nebula/

CREDITS

- **Sound:** [Muffled Distant Explosion](#) by NenadSimic, CC0 1.0.
- **Sound:** [Deep Boom](#) by Za-Games, CC0 1.0.

Nebula

Tap it to light new stars in the clouds. Pick its colors in the Toy tab.

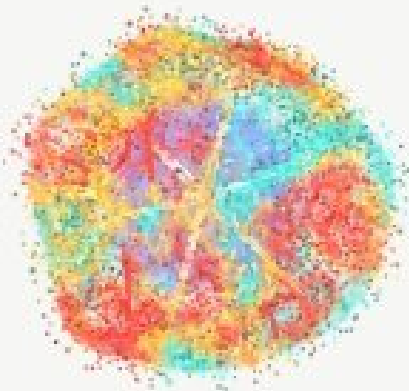

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/nebula/

CREDITS

- Sound: [Waving Torch.wav](#) by spookymodem, CC0 1.0.

Supernova

Tap it for a flash and a blast that blows the glowing shell apart.

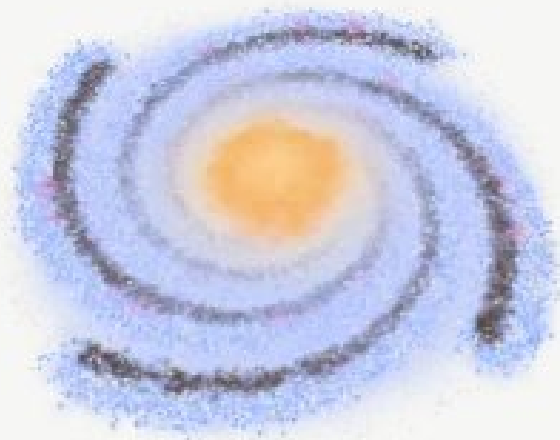

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/supernova/

CREDITS

- Sound: [Deep Boom](#) by Za-Games, CC0 1.0.

Spiral galaxy

Tap to swirl the arms. Pick a galaxy style in the Toy tab.

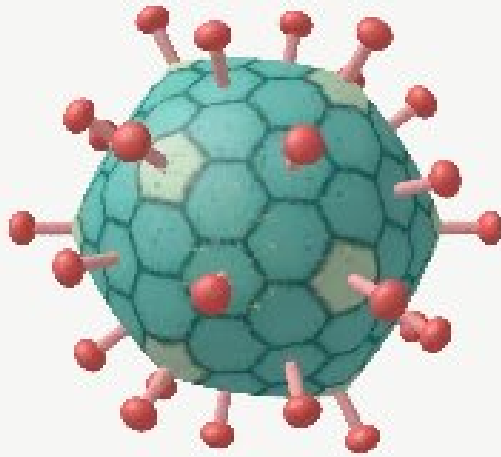

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/spiral-galaxy/

CREDITS

- Built from a recipe in the browser; no outside files.

Virus

Tap it to make copies that bud off and drift away.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/virus/

CREDITS

- Built from a recipe in the browser; no outside files.

Bacteriophage

Tap it to land and inject its DNA.

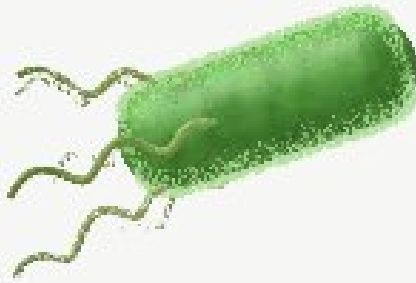

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bacteriophage/

CREDITS

- Built from a recipe in the browser; no outside files.

Bacterium

Tap it to make it divide in two. Try the Swim slider in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bacterium/

CREDITS

- Built from a recipe in the browser; no outside files.

Red blood cell

Tap it to curl it into a sickle shape and back.

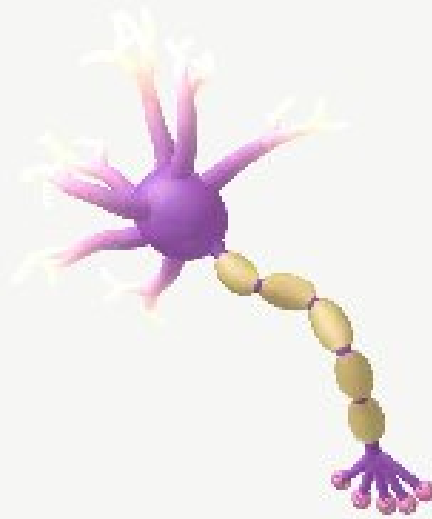

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/red-blood-cell/

CREDITS

- Built from a recipe in the browser; no outside files.

Neuron

Tap it to fire a signal. Try the Signal slider in the Toy tab.

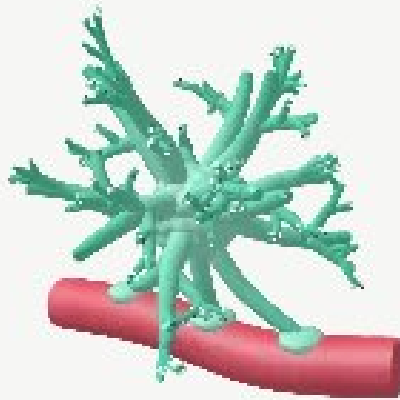

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/neuron/

CREDITS

- Sound: [highvoltagearc.wav](#) by Sciolex, CC0 1.0.

Astrocyte

Tap it to send a calcium wave out along its arms.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/astrocyte/

CREDITS

- Built from a recipe in the browser; no outside files.

Animal cell

Tap it to divide it in two. Switch off the Cutaway in the Toy tab to see it whole.

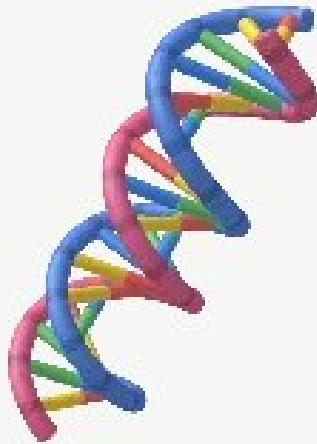

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/animal-cell/

CREDITS

- Built from a recipe in the browser; no outside files.

DNA

Tap it to unzip it and zip it back up.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/dna/

CREDITS

- Sound: [Zipper Unzip 3 \(Slow\) .wav](#) by RutgerMuller, CC0 1.0.

White blood cell

Tap it to catch a bacterium and eat it up.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/white-blood-cell/

CREDITS

- Built from a recipe in the browser; no outside files.

Microglia

Tap it to reach out its arms and sweep them to and fro.

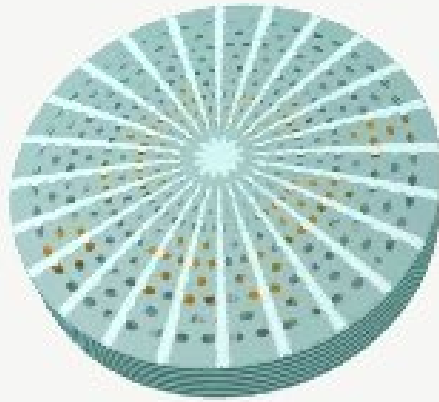

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/microglia/

CREDITS

- Built from a recipe in the browser; no outside files.

Diatom

Tap it to make the glass shell glint and open.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/diatom/

CREDITS

- Built from a recipe in the browser; no outside files.

Tardigrade

Tap it to make it wiggle.

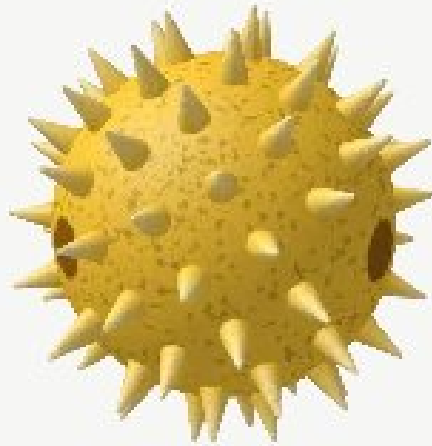

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/tardigrade/

CREDITS

- Built from a recipe in the browser; no outside files.

Pollen grain

Tap it to burst out a puff of tiny grains. Pick the Plant in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pollen/

CREDITS

- Built from a recipe in the browser; no outside files.

Snowflake

Tap to melt it and grow a new flake. Pick the kind of crystal in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/snowflake/

CREDITS

- Built from a recipe in the browser; no outside files.

Chromosome

Tap it to pull its two halves apart.

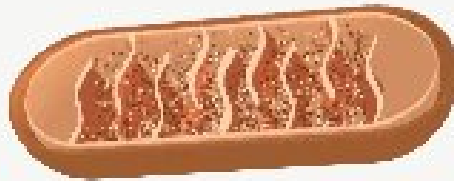

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/chromosome/

CREDITS

- Sound: [Velcro](#) by paulocorona, CC0 1.0.

Mitochondrion

Tap it to power it up. Switch off the Cutaway in the Toy tab to see it whole.

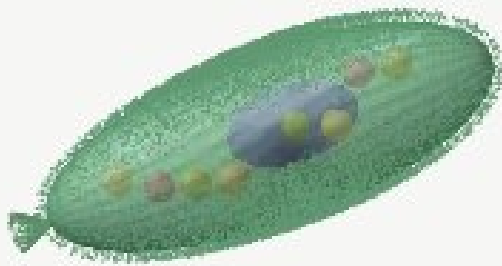

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/mitochondrion/

CREDITS

- Sound: [Gas furnace - Ignition happy](#) by Idezem, CC0 1.0.
- Sound: [Gas burner 01.wav](#) by PegasusCZ, CC0 1.0.

Paramecium

Tap it to swim a loop. Try the Swim slider in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/paramecium/

CREDITS

- Sound: [Water, Gentle Movement.wav](#) by Daen23, CC0 1.0.

Amoeba

Drag it to pull out a pseudopod; let go and it oozes back. Tap it to make it crawl.

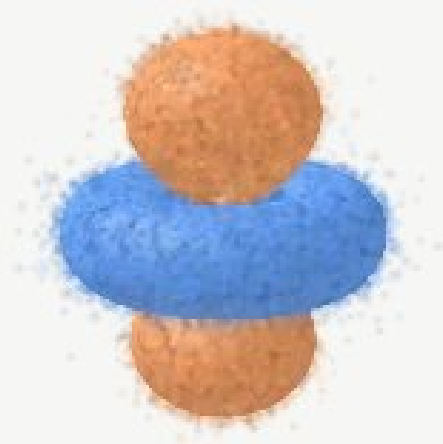

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/amoeba/

CREDITS

- Built from a recipe in the browser; no outside files.

Electron orbital

Tap it to excite the electron. Pick any orbital up to 4f, or lobes, in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/orbital/

CREDITS

- Sound: [highvoltagearc.wav](#) by Sciolex, CC0 1.0.

Atom

Tap it to speed up the electrons. Pick any of the 118 elements in the Toy tab.

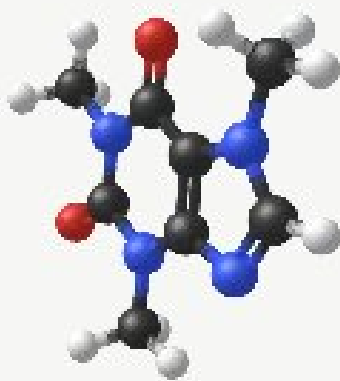

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/atom/

CREDITS

- **Element data:** [Atomic Weights and Isotopic Compositions](#); [Atomic Spectra Database ground levels](#) by NIST Physical Measurement Laboratory; PubChem; IUPAC (elements 95 to 118), Public domain (facts).

Molecule

Tap it to heat it up. Pick a molecule, or type your own, in the Toy tab.

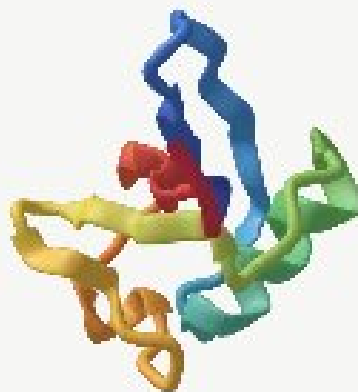

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/molecule/

CREDITS

- **Molecule gallery:** [PubChem 3D conformers \(glucose, aspirin, ATP and the rest\)](#) by NCBI PubChem, Public domain.

Diamond

Tap it to turn it in the light and flash its fire.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/diamond/

CREDITS

- Sound: [Glass Tap.wav](#) by Unicornaphobist, CC0 1.0.

Ruby

Tap it to make it glow deep red.

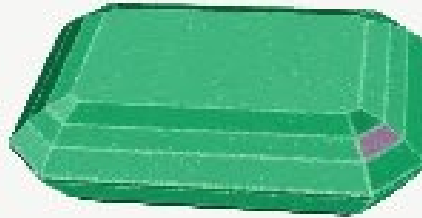

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/ruby/

CREDITS

- Sound: [Glass Tap.wav](#) by Unicornaphobist, CC0 1.0.

Emerald

Tap it to send green light spiraling around its steps.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/emerald/

CREDITS

- Sound: [Glass Tap.wav](#) by Unicornaphobist, CC0 1.0.

Amethyst geode

Tap to close the geode; tap again to open it.

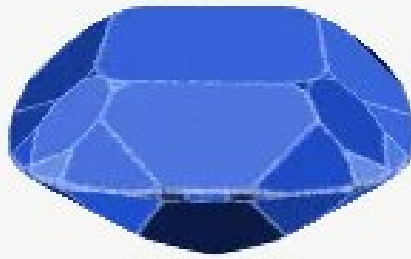

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/amethyst-geode/

CREDITS

- Built from a recipe in the browser; no outside files.

Sapphire

Tap it to catch the six-rayed star gliding across it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sapphire/

CREDITS

- Sound: [Glass Tap.wav](#) by Unicornaphobist, CC0 1.0.

Quartz cluster

Tap it to light the crystal points one by one.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/quartz-cluster/

CREDITS

- Built from a recipe in the browser; no outside files.

Opal

Tap it to tilt it and roll flashes of color across it. Pick an opal in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/opal/

CREDITS

- Sound: [Glass Tap.wav](#) by Unicornaphobist, CC0 1.0.

Pearl

Tap to close the oyster; tap again to open it.

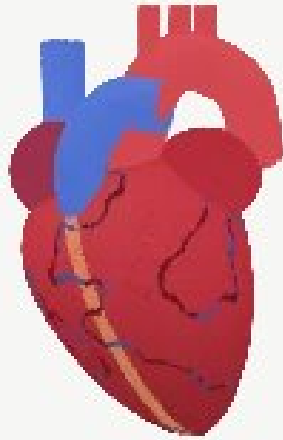

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pearl/

CREDITS

- Built from a recipe in the browser; no outside files.

Beating heart

Tap it to set it racing. Set its beat, or pick a love heart, in the Toy tab.

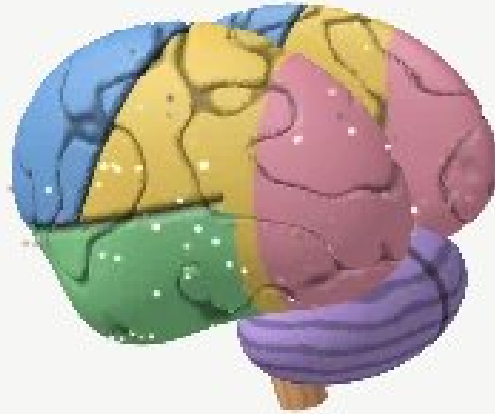

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/heart/

CREDITS

- **Sound:** [Human Heartbeat \(60 BPM\)](#) by FenrirFangs, CC0 1.0.

Brain

Tap it to think. Try the Sparks slider in the Toy tab.

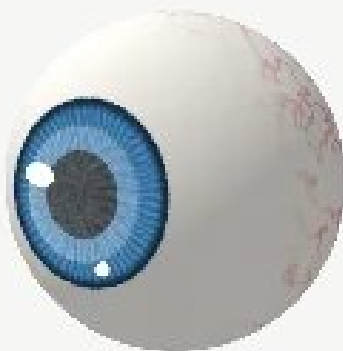

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/brain/

CREDITS

- Sound: [Muffled Distant Explosion](#) by NenadSimic, CC0 1.0.

Eye

Tap it to blink. Try the Pupil slider in the Toy tab.

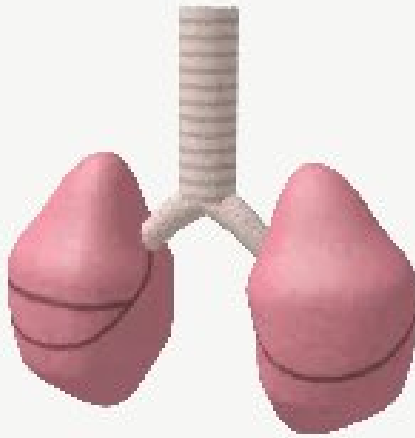

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/eye/

CREDITS

- Built from a recipe in the browser; no outside files.

Lungs

Tap for a deep breath. Try the Breath slider in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lungs/

CREDITS

- Sound: [Male breathing](#) by zogmachine, CC0 1.0.
- Sound: [- Deep Breath](#) by rreh1, CC0 1.0.
- Sound: [Sigh1.wav](#) by elle-trudgett, CC0 1.0.

Tooth

Tap it to polish it until it sparkles.

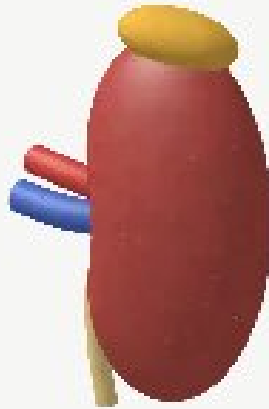

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/tooth/

CREDITS

- Built from a recipe in the browser; no outside files.

Kidney

Tap it to pump blood through it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/kidney/

CREDITS

- Built from a recipe in the browser; no outside files.

Oak tree

Tap it to shake down its leaves. Pick a season in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/oak/

CREDITS

- Sound: [FallingLeaves](#) by falcospizaetus, CC0 1.0.

Pine tree

Tap it to shake the snow off. Turn on Snow in the Toy tab for a snowy day.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pine/

CREDITS

- Built from a recipe in the browser; no outside files.

Palm tree

Tap it to shake down the coconuts.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/palm/

CREDITS

- Built from a recipe in the browser; no outside files.

Cherry blossom

Tap it to shake down the blossom and watch it bloom again.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cherry-blossom/

CREDITS

- Built from a recipe in the browser; no outside files.

Maple tree

Tap it to send a gust whirling through. Pick the leaf color in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/maple/

CREDITS

- Built from a recipe in the browser; no outside files.

Bonsai

Tap it to grow a new branch, then trim it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bonsai/

CREDITS

- Sound: [scissors cut.wav](#) by mywhats, CC0 1.0.

Weeping willow

Tap it to send a breeze through the hanging branches.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/willow/

CREDITS

- Built from a recipe in the browser; no outside files.

Sunflower

Tap it to bring out the sun and watch the flower turn to face it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sunflower/

CREDITS

- Built from a recipe in the browser; no outside files.

Rose

Tap it to open the bloom. Pick its color in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/rose/

CREDITS

- Built from a recipe in the browser; no outside files.

Dandelion

Tap it to blow the seeds away.

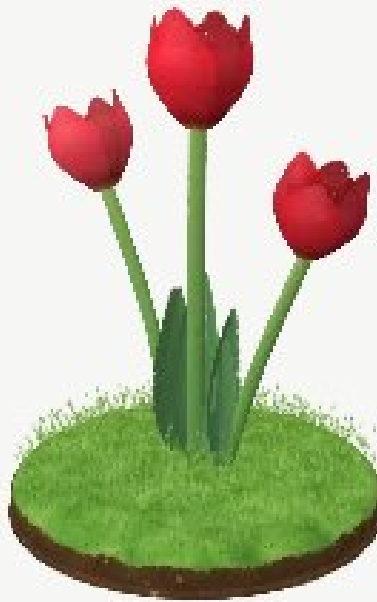

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/dandelion/

CREDITS

- Built from a recipe in the browser; no outside files.

Tulips

Tap it to open the tulips to the sun. Pick their color in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/tulip/

CREDITS

- Built from a recipe in the browser; no outside files.

Daisies

Tap it to spin the big daisy: loves me, loves me not.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/daisy/

CREDITS

- Built from a recipe in the browser; no outside files.

Lotus

Tap it to lift the flower out of the water and open it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lotus/

CREDITS

- Built from a recipe in the browser; no outside files.

Toadstool

Tap the big cap to puff out a cloud of spores.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/mushroom/

CREDITS

- Built from a recipe in the browser; no outside files.

Fern

Tap it to unroll the fiddleheads into new fronds.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/fern/

CREDITS

- Built from a recipe in the browser; no outside files.

Saguaro cactus

Tap for the spines, then a look inside. Set its arms and flowers in the Toy tab.

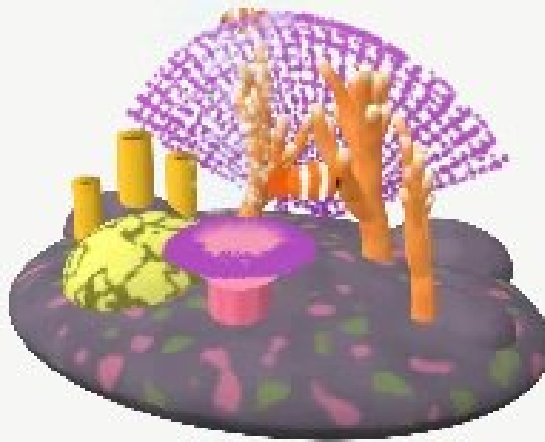

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/saguaro/

CREDITS

- Built from a recipe in the browser; no outside files.

Coral reef

Tap it to open the polyps and let the fish out.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/coral/

CREDITS

- Built from a recipe in the browser; no outside files.

Pinecone

Tap it to open the scales and drop them, then put it back together.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pinecone/

CREDITS

- Built from a recipe in the browser; no outside files.

Acorns

Tap it to pop the caps and sprout the acorns.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/acorn/

CREDITS

- Built from a recipe in the browser; no outside files.

Succulent

Tap it to open the rosette and send up a flower.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/succulent/

CREDITS

- Built from a recipe in the browser; no outside files.

Bamboo

Tap it to make the new shoots grow up tall.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bamboo/

CREDITS

- Built from a recipe in the browser; no outside files.

Pebbles

Drag a pebble to pick it up and set it on another to stack them. Tap to tumble them.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/rocks/

CREDITS

- Sound: [Slow Pebble Tumble.wav](#) by bbrocer, CC0 1.0.

Kelp

Tap it to bring fish in to nibble the kelp.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/kelp/

CREDITS

- Built from a recipe in the browser; no outside files.

Campfire

Tap it to stoke the fire. Set the fire's size in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/campfire/

CREDITS

- Built from a recipe in the browser; no outside files.

Storm cloud

Tap for thunder: lightning strikes under your finger. Try the Rain slider in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/storm-cloud/

CREDITS

- Built from a recipe in the browser; no outside files.

Lava lamp

Tap to heat it up. Pick colors, blobs and flow in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lava-lamp/

CREDITS

- Built from a recipe in the browser; no outside files.

Snow globe

Tap it to swirl the snow. Hands-on: pick it up and shake it hard.

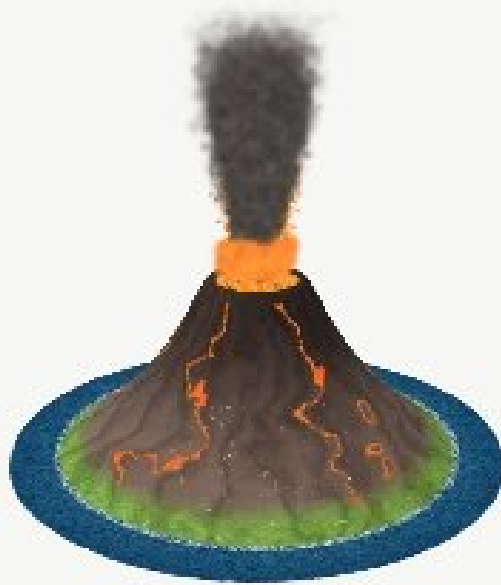

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/snow-globe/

CREDITS

- Built from a recipe in the browser; no outside files.

Volcano

Tap it to make it erupt.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/volcano/

CREDITS

- Built from a recipe in the browser; no outside files.

Ice swan

Tap to melt the swan and refreeze it. Try the Temperature slider in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/ice-statue/

CREDITS

- Built from a recipe in the browser; no outside files.

Candle

Tap to blow out the candle; tap again to light it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/candle/

CREDITS

- Built from a recipe in the browser; no outside files.

Tornado

Tap to spin it up. Set its power in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/tornado/

CREDITS

- Built from a recipe in the browser; no outside files.

Rainbow

Tap it to draw the rainbow again, color by color.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/rainbow/

CREDITS

- Built from a recipe in the browser; no outside files.

Iceberg

Tap it to break off a chunk into the sea.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/iceberg/

CREDITS

- Sound: [Ice Crack 1](#) by j_p_higgins, CC0 1.0.

Waterfall

Tap it to send a surge of water over the falls.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/waterfall/

CREDITS

- Built from a recipe in the browser; no outside files.

Ocean wave

Tap it to break the wave; a new one curls up behind it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/ocean-wave/

CREDITS

- Built from a recipe in the browser; no outside files.

Geyser

Tap it to make it erupt.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/geyser/

CREDITS

- Built from a recipe in the browser; no outside files.

Ice cream

Tap to melt it and refreeze it. Pick scoops and flavors in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/ice-cream/

CREDITS

- Built from a recipe in the browser; no outside files.

Watermelon

Tap it to chop it into slices that fan open.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/watermelon/

CREDITS

- Built from a recipe in the browser; no outside files.

Birthday cake

Tap to blow out the candles; tap again to light them. Choose how many in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/birthday-cake/

CREDITS

- Built from a recipe in the browser; no outside files.

Popcorn

Tap it to pop more kernels up out of the bucket.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/popcorn/

CREDITS

- Sound: [Popcorn](#) by elricadavis, CC0 1.0.

Jelly

Drag it to stretch it; let go and it wobbles back. Tap it to poke it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/jelly/

CREDITS

- Built from a recipe in the browser; no outside files.

Pancakes

Tap to flip the top pancake. Set the stack and the syrup in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pancakes/

CREDITS

- Built from a recipe in the browser; no outside files.

Cupcake

Tap it to flick the cherry up; it plops back down.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cupcake/

CREDITS

- Built from a recipe in the browser; no outside files.

Lollipop

Tap it to spin it fast; the swirl seems to pour inward.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lollipop/

CREDITS

- Built from a recipe in the browser; no outside files.

Candy cane

Tap it to twist it until it snaps. With 🖐️ on, pull the hook until it snaps off.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/candy-cane/

CREDITS

- Built from a recipe in the browser; no outside files.

Macarons

Drag a macaron to pick it up and stack it. Tap and the two in front hop up onto the stack.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/macarons/

CREDITS

- Built from a recipe in the browser; no outside files.

Donut

Tap it to break it apart and put it back together.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/donut/

CREDITS

- Sound: [Squish impact](#) by Bertsz, CC0 1.0.
- Sound: [bread slice serrated knife cut and rip](#) by spanrucker, CC0 1.0.

Gummy bear

Drag the bear to stretch it; let go and it springs back. Tap to squish it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/gummy-bear/

CREDITS

- Built from a recipe in the browser; no outside files.

Pretzel

Tap it to twist it like a knot and let it spring back.

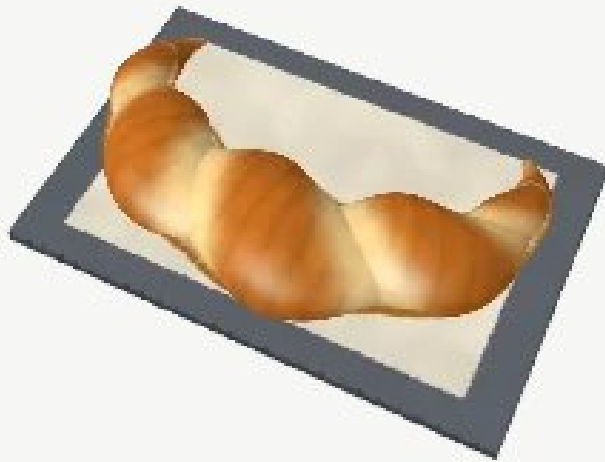

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pretzel/

CREDITS

- Built from a recipe in the browser; no outside files.

Croissant

Tap it to slice it open and melt a pat of butter inside.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/croissant/

CREDITS

- Built from a recipe in the browser; no outside files.

Pizza

Tap to take a slice; tap again to go back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pizza/

CREDITS

- Built from a recipe in the browser; no outside files.

Burger

Tap to spread out the layers; tap again to stack them up.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/burger/

CREDITS

- Built from a recipe in the browser; no outside files.

Sushi

Tap a piece: the chopsticks pick that one up, dip it in soy sauce and put it back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sushi/

CREDITS

- Built from a recipe in the browser; no outside files.

Taco

Tap it to break the shell in half; then it closes up again.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/taco/

CREDITS

- Sound: [chips crunch sound](#) by TomatoHater, CC0 1.0.

Boiled egg

Tap to crack it open; tap again to go back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/egg/

CREDITS

- Built from a recipe in the browser; no outside files.

Coffee

Tap it to stir. Pick the latte art and the steam in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/coffee/

CREDITS

- Built from a recipe in the browser; no outside files.

Apple

Tap to take a bite; tap again and a worm peeks out before it's whole again.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/apple/

CREDITS

- Sound: [Bite \(Apple\)](#) by wadaltmon, CC0 1.0.

Bananas

Tap it to pull the bananas apart and peel all three.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/banana/

CREDITS

- Sound: [Banana Peel](#) by spanrucker, CC0 1.0.

Orange

Tap it to open it into wedges. With 🖐️ on, pull a wedge out; bring it back and it clicks in.

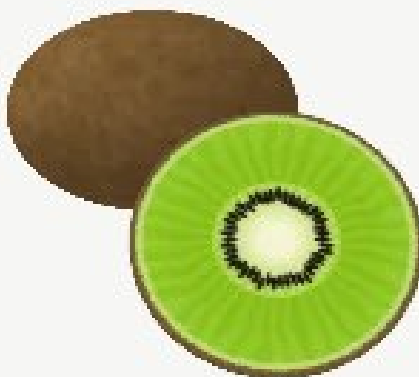

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/orange/

CREDITS

- Built from a recipe in the browser; no outside files.

Kiwi

Tap it to cut it open and show the green inside.

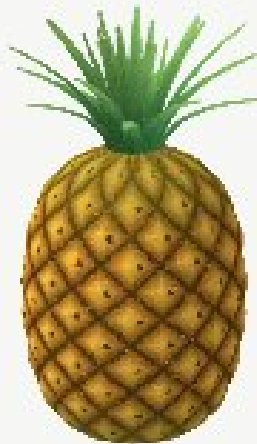

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/kiwi/

CREDITS

- Built from a recipe in the browser; no outside files.

Pineapple

Tap it to slice it into rings.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pineapple/

CREDITS

- Built from a recipe in the browser; no outside files.

Cherries

Pull a cherry out on its stem and let go; it swings back and knocks the other. Tap to swing them.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cherries/

CREDITS

- Built from a recipe in the browser; no outside files.

Grapes

Tap it: grapes drop off the bunch, bounce and hop back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/grapes/

CREDITS

- Built from a recipe in the browser; no outside files.

Avocado

Tap it to pop the stone into the other half and back.

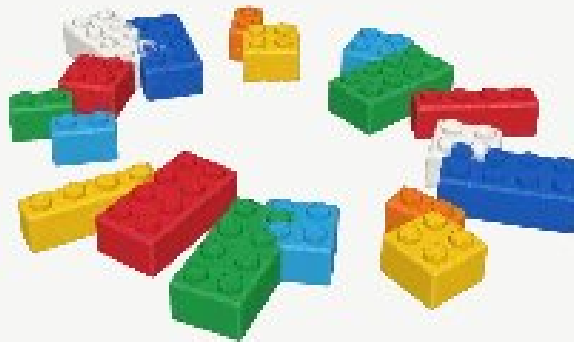

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/avocado/

CREDITS

- Built from a recipe in the browser; no outside files.

Building bricks

Drag a brick onto another to stack it; it clicks onto the studs. Tap to build a model.

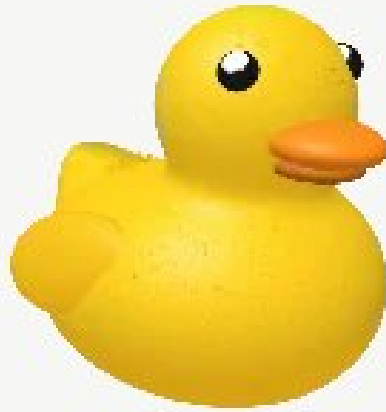

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bricks/

CREDITS

- Built from a recipe in the browser; no outside files.

Rubber duck

Tap it to squeeze it: it squeaks, hops and bobs.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/rubber-duck/

CREDITS

- Built from a recipe in the browser; no outside files.

Spinning top

Tap it to spin it faster; it wobbles more, then steadies.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/spinning-top/

CREDITS

- Sound: [Metallic Spinning Top \(Dry Sound\).wav](#) by Uzbazur, CC0 1.0.

Dice

Tap to roll. Pick two six-sided dice or a d20 in the Toy tab.

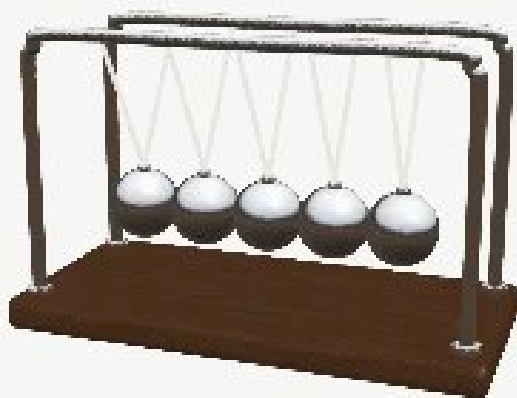

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/dice/

CREDITS

- **Sound:** [Casino Audio 1.1: dice-throw-1.ogg](#) and [dice-throw-3.ogg](#) by Kenney (kenney.nl), CC0 1.0.

Newton's cradle

Drag a ball out to the side and let go. Or tap to lift the end ball.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/newtons-cradle/

CREDITS

- Built from a recipe in the browser; no outside files.

Teddy bear

Tap it and it waves hello.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/teddy-bear/

CREDITS

- Sound: 08. [Relleno de oso.wav](#) by lemigoga, CC0 1.0.

Yo-yo

Tap it to throw it down; it spins down the string and climbs back up.

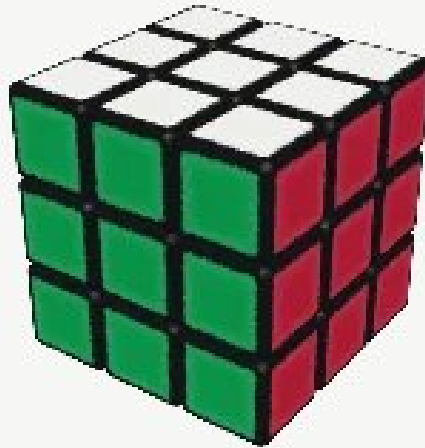

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/yo-yo/

CREDITS

- Built from a recipe in the browser; no outside files.

Puzzle cube

Drag across a face to turn a row or column. Tap to scramble or solve it; tap again to pause.

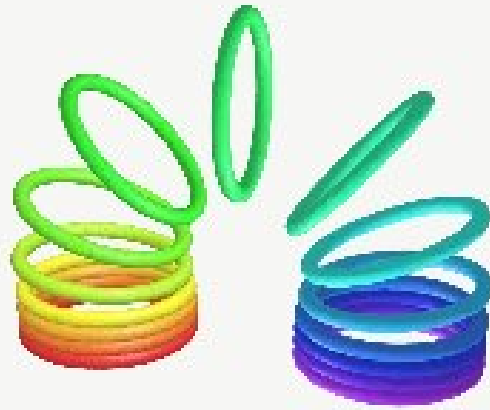

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/puzzle-cube/

CREDITS

- Sound: [Cube Turn - 9 \(a puzzle cube turning\)](#) by SpaceJoe, CC0 1.0.

Spring toy

Pull its top coils up or sideways; let go and it springs back. Tap to hurry it along.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/spring-toy/

CREDITS

- Sound: [slinky Copy.wav](#) by foxraid, CC0 1.0.

Kite

Tap it for a gust of wind: the kite loops and the tail whips.

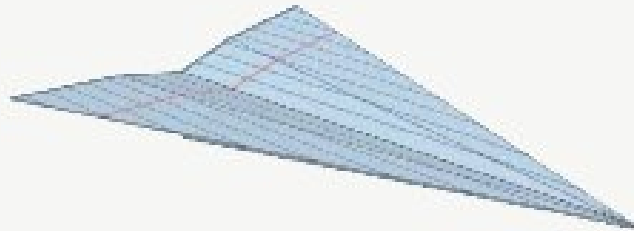

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/kite/

CREDITS

- Built from a recipe in the browser; no outside files.

Paper plane

Tap it to do a barrel roll.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/paper-plane/

CREDITS

- Built from a recipe in the browser; no outside files.

Origami crane

Tap it to flap its wings.

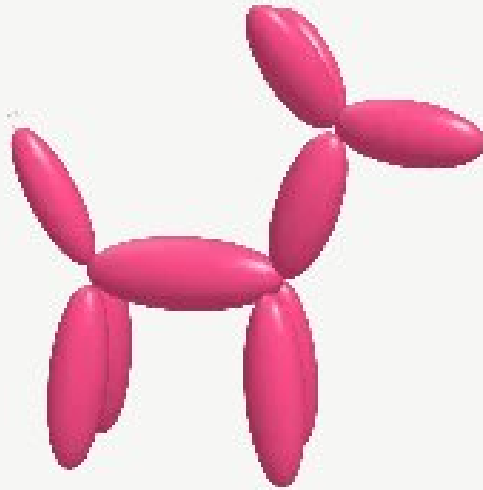

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/origami-crane/

CREDITS

- Built from a recipe in the browser; no outside files.

Balloon dog

Tap it to pop it; then it blows back up.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/balloon-dog/

CREDITS

- Sound: [Balloon-Burst-07.wav](#) by Gniffelbaf, CC0 1.0.

Soap bubbles

Tap it to blow a stream of bubbles.

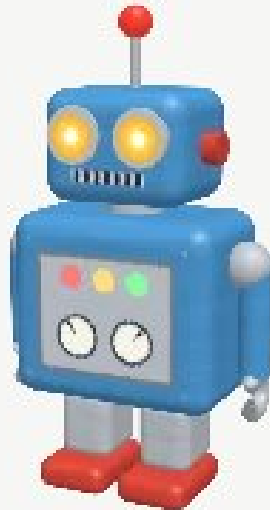

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/soap-bubbles/

CREDITS

- Sound: [Blow air short](#) by yehdawgo, CC0 1.0.
- Sound: [multiple bubbles bursting](#) by florianreichelt, CC0 1.0.

Wind-up robot

Tap it to wind it up: its key whirs and its arms swing wide.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/robot/

CREDITS

- Sound: [Wind-up sound](#) by Breviceps, CC0 1.0.

Chess set

Tap a piece, then a square, to move it. Or press play in the bar to watch a game.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/chess-set/

CREDITS

- **3D model:** [Chess Set](#) by Riley Queen, CC0 1.0.
- **Sound:** [Piece Placement.mp3](#) by el_boss, CC0 1.0.

Treasure chest

Tap to open or close the lid. With 🖐️ on, lift the lid by hand: let go high and it stays open.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/chest/

CREDITS

- Built from a recipe in the browser; no outside files.

Storybook

Tap to close the book; tap again to open it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/book/

CREDITS

- Sound: [Book Turn Page 2.wav](#) by esperri, CC0 1.0.

Laptop

Tap the keys, or type on your keyboard. Drag on the trackpad. Tap elsewhere to close it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/laptop/

CREDITS

- Built from a recipe in the browser; no outside files.

Music box

Tap to close or open the lid. With 🖐 on, turn the crank round to play the tune note by note.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/music-box/

CREDITS

- Built from a recipe in the browser; no outside files.

Alarm clock

Tap it to ring the alarm.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/clock/

CREDITS

- Built from a recipe in the browser; no outside files.

Gift box

Tap to open the present; tap again to close it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/gift-box/

CREDITS

- Built from a recipe in the browser; no outside files.

Umbrella

Tap to close the umbrella; tap again to open it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/umbrella/

CREDITS

- Built from a recipe in the browser; no outside files.

Desk fan

Tap to switch it off or on. Turn its swing on or off in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/desk-fan/

CREDITS

- Built from a recipe in the browser; no outside files.

Desk lamp

Tap to switch the light off or on.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lamp/

CREDITS

- Built from a recipe in the browser; no outside files.

Potion bottle

Tap it to pop the cork.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/potion-bottle/

CREDITS

- Built from a recipe in the browser; no outside files.

Telescope

Tap to collapse it; tap again to pull it out.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/telescope/

CREDITS

- Built from a recipe in the browser; no outside files.

Fountain pen

Tap it to uncap the pen and write a swirl in wet blue ink.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/fountain-pen/

CREDITS

- **Fountain pen:** [Fountain pen in translucent green \(maker's marks painted out, cap moved\)](#) by chemicalX, CC BY 4.0.

Running shoe

Tap it to untie the laces and tie them again, then watch it tap its toe.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/running-shoe/

CREDITS

- Running shoe: [PB158 Sneaker Low](#) (photogrammetry scan; its bow left out) by SCANIMAT, CC BY 4.0.

Hoodie

Tap it to flip the hood and cross the sleeves.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/hoodie/

CREDITS

- Hoodie: [Hoodie \(drawstrings and inside label left out\)](#) by Virtual Pandora, CC BY 4.0.

Sunglasses

Tap them (the frame or a lens) to fold the arms, flip the glasses round and darken the lenses.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sunglasses/

CREDITS

- **Sunglasses:** [Round Spectacles \(lenses left out\)](#) by Sean Buckley, CC0 1.0.

Baseball cap

Tap it to flip the cap off its stand and spin it like a flying disc.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/baseball-cap/

CREDITS

- **Baseball cap:** [Baseball Cap](#) by Scott VanArsdale, CC BY 4.0.

Sword in the stone

Tap to pull the sword from the stone. With 🖐️ on, drag it up out of the stone and back in.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sword-in-stone/

CREDITS

- Built from a recipe in the browser; no outside files.

Heraldic shield

Tap it and it blocks a blow where you tap: sparks fly and the emblem gleams.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/shield/

CREDITS

- Built from a recipe in the browser; no outside files.

Bow and target

Pull the arrow back on the string and let go to shoot it. Tap to shoot too.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bow-and-target/

CREDITS

- Sound: [Bow Release \(Bow and Arrow\) 3](#) by Ali_6868, CC0 1.0.

Trebuchet

Tap it to launch: the weight drops and the long arm flings a stone.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/trebuchet/

CREDITS

- Built from a recipe in the browser; no outside files.

Crossbow

Tap it to shoot a bolt; the string snaps and a new bolt loads.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/crossbow/

CREDITS

- Sound: [Bow Release \(Bow and Arrow\) 3](#) by Ali_6868, CC0 1.0.

Knight's helmet

Tap to open the visor; tap again to close it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/knights-helmet/

CREDITS

- Built from a recipe in the browser; no outside files.

Crown

Tap it: it rises and its jewels light up one by one.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/crown/

CREDITS

- Built from a recipe in the browser; no outside files.

Dragon egg

Tap to hatch the egg; tap again to go back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/dragon-egg/

CREDITS

- Built from a recipe in the browser; no outside files.

Wizard's orb

Tap it to cast a spell: sparks spiral out and runes circle the orb.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/wizards-orb/

CREDITS

- Built from a recipe in the browser; no outside files.

Crystal ball

Tap it to swirl the mist and raise a glowing sign.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/crystal-ball/

CREDITS

- Sound: [Wine glass clink deeper.wav](#) by lmr9, CC0 1.0.

Jellyfish

Tap it to make it swim: one strong stroke jets it upward.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/jellyfish/

CREDITS

- Built from a recipe in the browser; no outside files.

School of fish

Tap it for a bait ball. Hands-on: drag through the school and the fish dart away.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/fish-school/

CREDITS

- Built from a recipe in the browser; no outside files.

Butterfly

Tap it to make it flutter faster.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/butterfly/

CREDITS

- Built from a recipe in the browser; no outside files.

Pufferfish

Tap it to poke it. Try the Puff slider in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pufferfish/

CREDITS

- Built from a recipe in the browser; no outside files.

Nautilus

Tap it to startle it: it hides its tentacles, then peeks out again.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/nautilus/

CREDITS

- Built from a recipe in the browser; no outside files.

Ladybug

Tap to open the wings; tap again to close them.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/ladybug/

CREDITS

- Built from a recipe in the browser; no outside files.

Snail

Tap to make it hide in its shell; tap again to bring it out.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/snail/

CREDITS

- Built from a recipe in the browser; no outside files.

Octopus

Tap it to squirt ink.

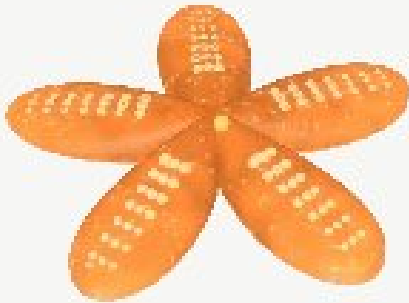

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/octopus/

CREDITS

- Built from a recipe in the browser; no outside files.

Starfish

Tap it to wave its arms.

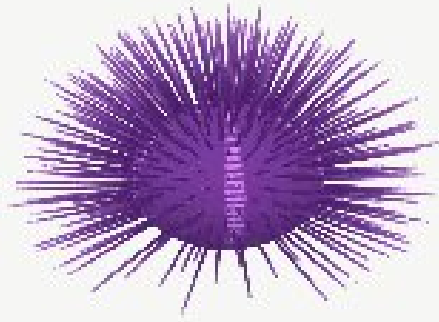

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/starfish/

CREDITS

- Built from a recipe in the browser; no outside files.

Sea urchin

Tap it: its spines sweep in waves and it creeps along.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sea-urchin/

CREDITS

- Built from a recipe in the browser; no outside files.

Frog

Tap it: a fly buzzes in and the frog catches it with its tongue.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/frog/

CREDITS

- Sound: [Frog croaking sound effect](#) by betterchinese, CC0 1.0.
- Sound: [Fly_Buzzing_Edited.wav](#) by AmberdeMeillon, CC0 1.0.

Penguin

Tap it to flap its flippers.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/penguin/

CREDITS

- Built from a recipe in the browser; no outside files.

Owl

Tap it and it turns its head to look behind.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/owl/

CREDITS

- Sound: [owl_hooting_000102_0145S3 002-070 000-002 068-074.wav](#) by Gerent, CC0 1.0.

Lorenz attractor

Tap to race along the path. Set the glow in the Toy tab.

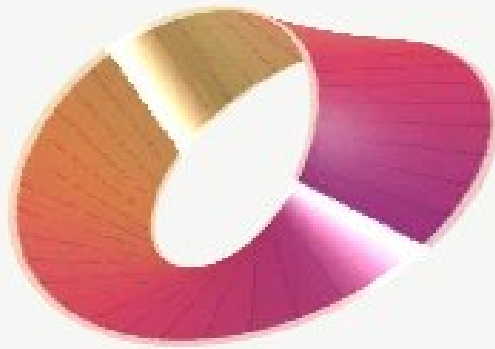

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lorenz/

CREDITS

- Built from a recipe in the browser; no outside files.

Möbius strip

Tap to send the rider round. Pick a rider in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/mobius/

CREDITS

- Built from a recipe in the browser; no outside files.

Klein bottle

Tap to send water through. Set the glow in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/klein-bottle/

CREDITS

- Sound: [Bottle Slosh 2](#) by alegemaate, CC0 1.0.

Menger sponge

Tap to close and carve the holes. Pick the level in the Toy tab.

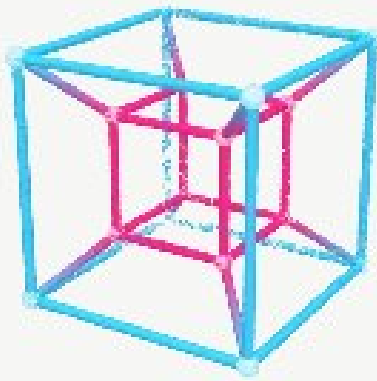

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/menger-sponge/

CREDITS

- Built from a recipe in the browser; no outside files.

Hypercube

Tap to turn it inside out. Try the 4D turn slider in the Toy tab.

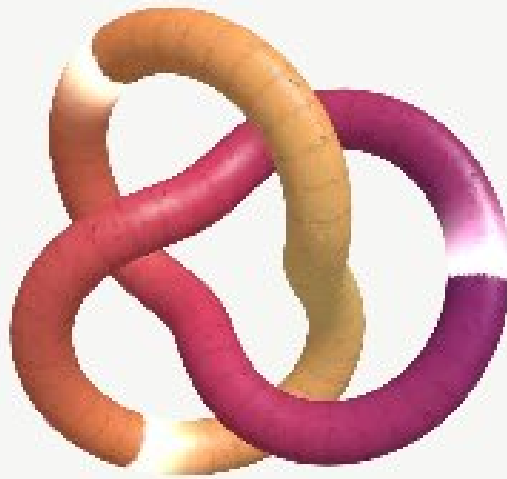

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/hypercube/

CREDITS

- Built from a recipe in the browser; no outside files.

Torus knot

Tap it: the knot pulls loose and springs back. Drag to turn it. Pick a knot in the Toy tab.

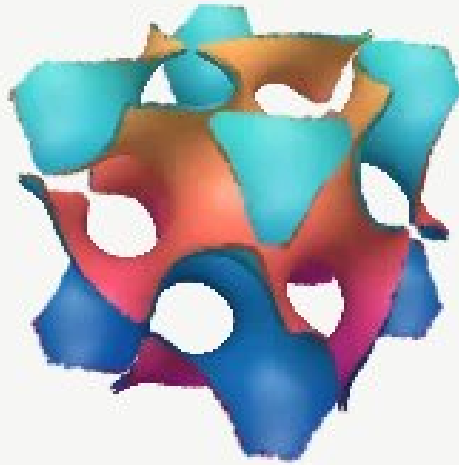

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/torus-knot/

CREDITS

- Built from a recipe in the browser; no outside files.

Gyroid

Tap to make it breathe. Pick a cube or a ball in the Toy tab.

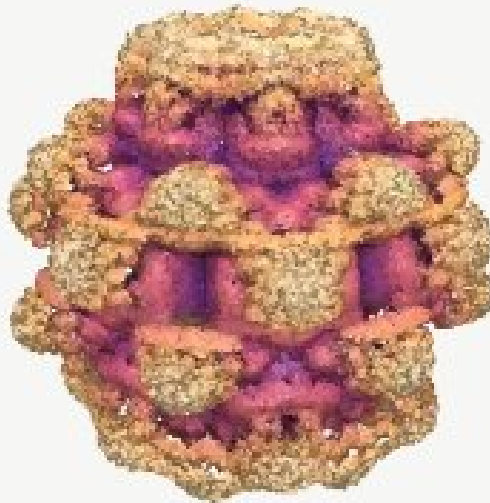

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/gyroid/

CREDITS

- Built from a recipe in the browser; no outside files.

Mandelbulb

Tap it to turn its discs like the dials of a lock.

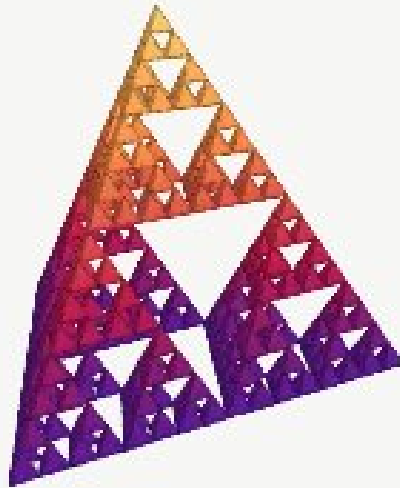

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/mandelbulb/

CREDITS

- Built from a recipe in the browser; no outside files.

Sierpinski tetrahedron

Tap to explode it; tap again to put it back. Pick the level in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sierpinski/

CREDITS

- Built from a recipe in the browser; no outside files.

Platonic solids

Tap to explode it; tap again to put it back. Pick one of the five solids in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/platonic/

CREDITS

- Built from a recipe in the browser; no outside files.

Seashell spiral

Tap it to hear the sea in the shell.

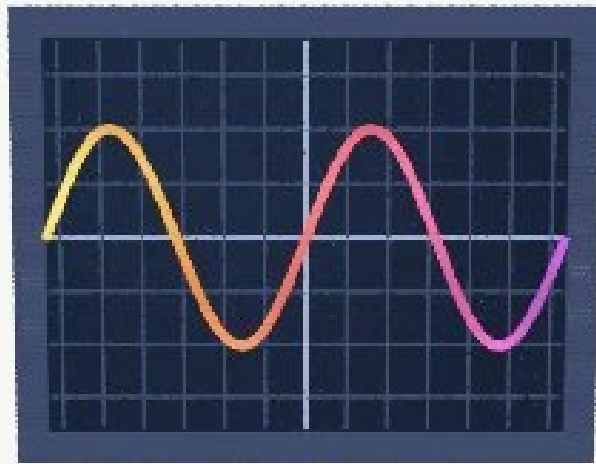

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/seashell-spiral/

CREDITS

- Built from a recipe in the browser; no outside files.

Graph plotter

Tap to draw the curve. Pick a curve, or type your own, in the Toy tab.

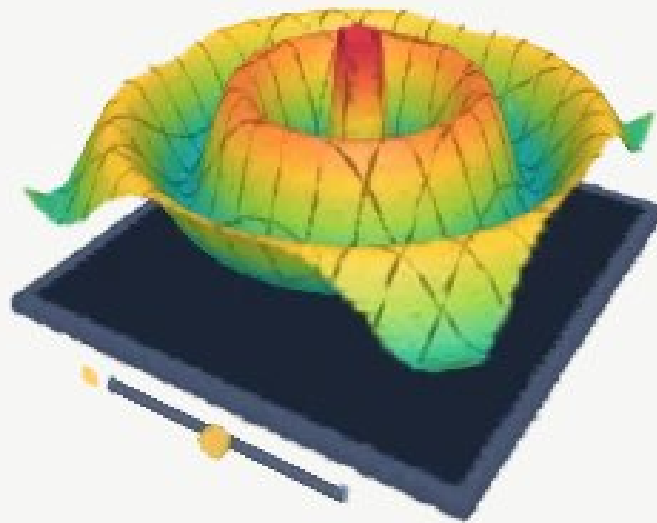

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/graph-plotter/

CREDITS

- Built from a recipe in the browser; no outside files.

Surface plotter

Tap to raise the surface. Pick one, or type your own, in the Toy tab.

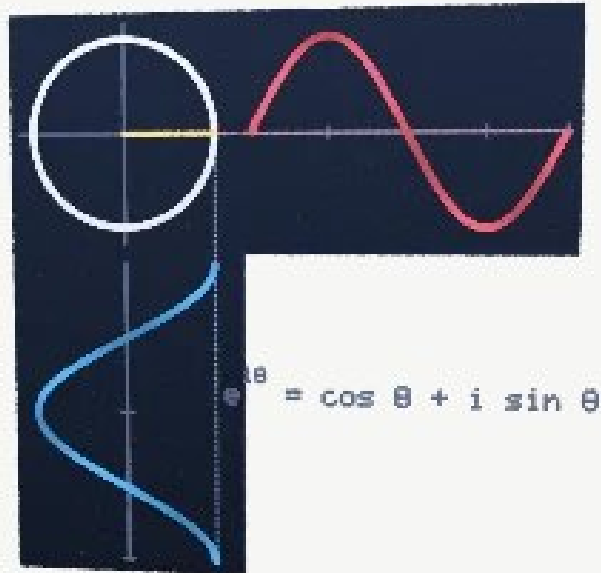

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/surface-plotter/

CREDITS

- Built from a recipe in the browser; no outside files.

Circle and waves

Tap to send the point round. Try 3D, or type your own path, in the Toy tab.

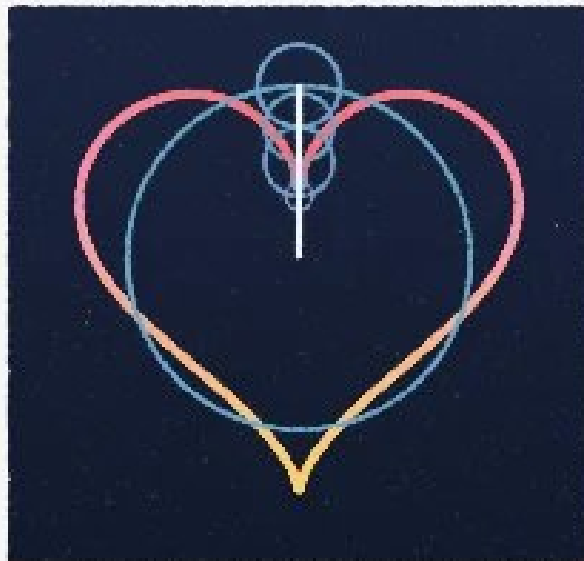

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/unit-circle/

CREDITS

- Built from a recipe in the browser; no outside files.

Fourier circles

Tap to spin the circles. Type a word or a curve in the Toy tab.

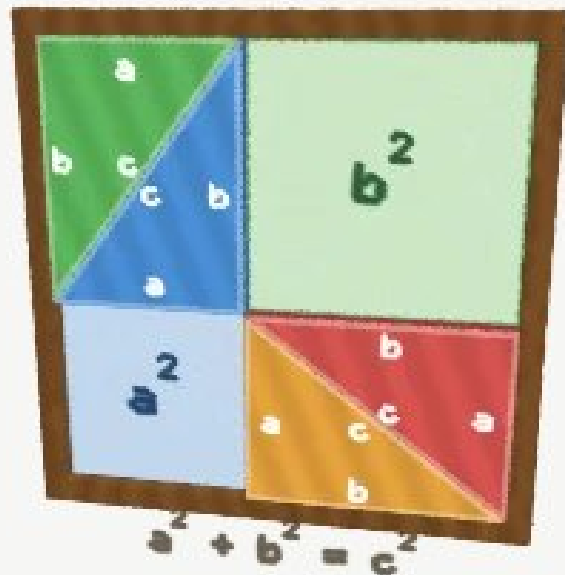

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/fourier-circles/

CREDITS

- Built from a recipe in the browser; no outside files.

Pythagoras proof

Tap it to slide the triangles and show that $a^2 + b^2 = c^2$.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pythagoras-proof/

CREDITS

- Built from a recipe in the browser; no outside files.

Perceptron

Tap it to watch it try an example, get it wrong, and learn.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/perceptron/

CREDITS

- Built from a recipe in the browser; no outside files.

Multilayer perceptron

Tap it to try all four inputs and fill in the XOR truth table.

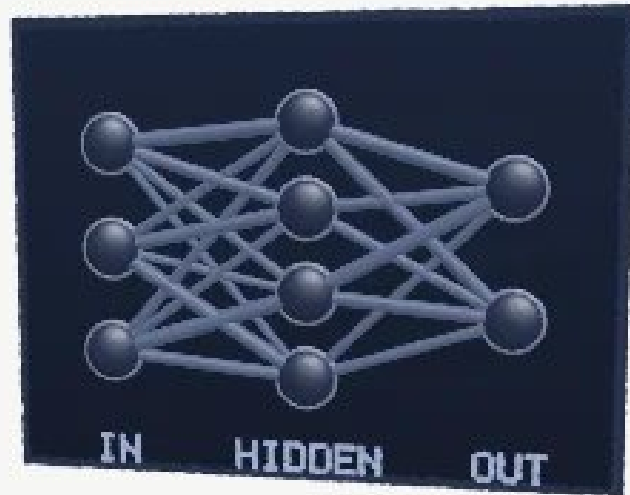

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/multilayer-perceptron/

CREDITS

- Built from a recipe in the browser; no outside files.

Neural network

Tap it to send signals forward, then learn backward. Set its size in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/neural-network/

CREDITS

- Built from a recipe in the browser; no outside files.

Convolutional network

Tap it to read the digit. Draw your own digit in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/cnn/

CREDITS

- **Handwritten digits:** [Optical Recognition of Handwritten Digits \(UCI Machine Learning Repository\)](#) by E. Alpaydin and C. Kaynak (1998), CC BY 4.0.

Recurrent network

Tap it to read a sentence one word at a time. Try the LSTM style in the Toy tab.

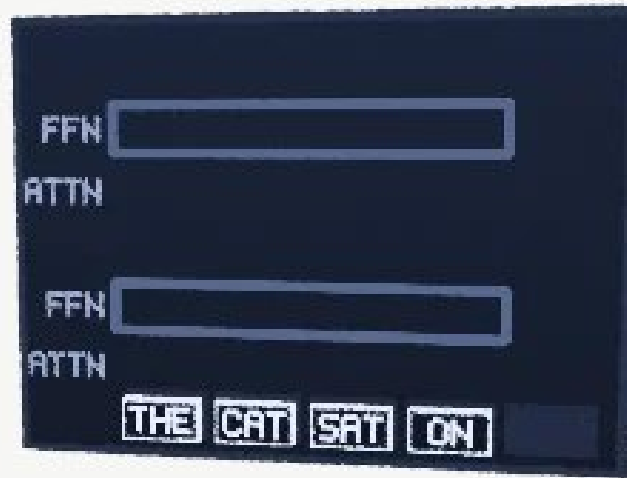

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/rnn/

CREDITS

- Built from a recipe in the browser; no outside files.

Transformer

Tap it to predict the next word. Try the Encoder–decoder diagram in the Toy tab.

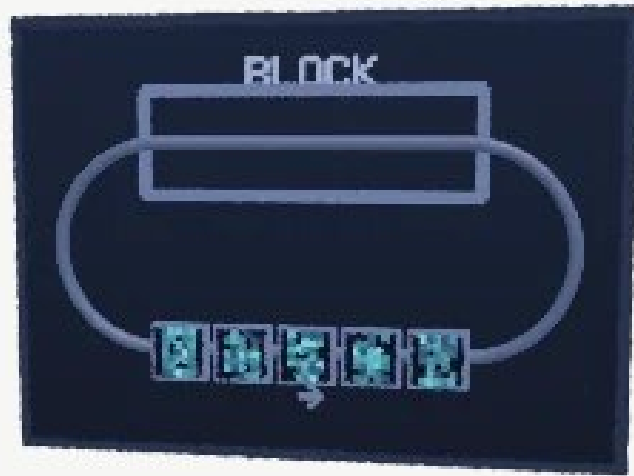

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/transformer/

CREDITS

- Built from a recipe in the browser; no outside files.

Looped transformer

Tap it: the tiles loop through one block, sharper each lap, until $3 + 4 = 7$.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/looped-transformer/

CREDITS

- Built from a recipe in the browser; no outside files.

Diffusion model

Tap it: the noise clears, step by step, into a rubber duck.

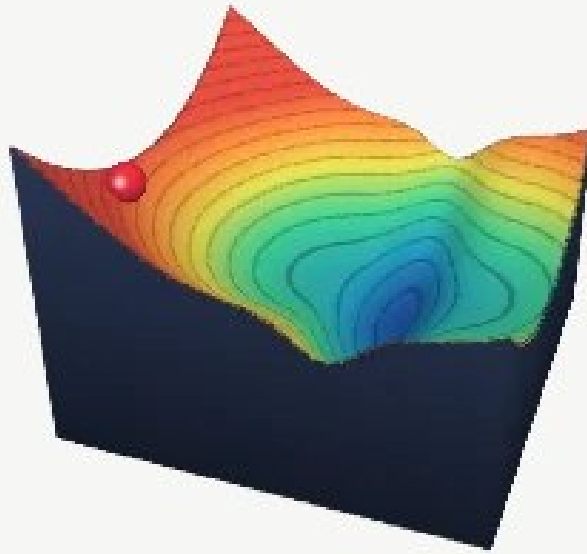

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/diffusion-model/

CREDITS

- Built from a recipe in the browser; no outside files.

Gradient descent

Tap it to roll the ball downhill. Try the Learning rate in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/gradient-descent/

CREDITS

- Built from a recipe in the browser; no outside files.

Word vectors

Tap it to work out king – man + woman. Type your own words in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/word-vectors/

CREDITS

- **Word vectors:** [GloVe: Global Vectors for Word Representation \(Wikipedia 2014 + Gigaword 5, 50 dimensions\)](#) by Jeffrey Pennington, Richard Socher and Christopher D. Manning, ODC Public Domain Dedication and License 1.0.

Sorting machine

Tap it to sort the bars. Pick one of eight ways to sort in the Toy tab.

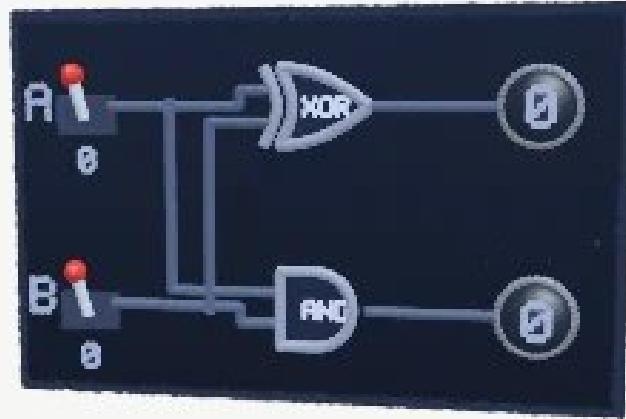

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sorting-machine/

CREDITS

- Built from a recipe in the browser; no outside files.

Half adder

Tap it to add $1 + 1$ in binary: the answer is 10.

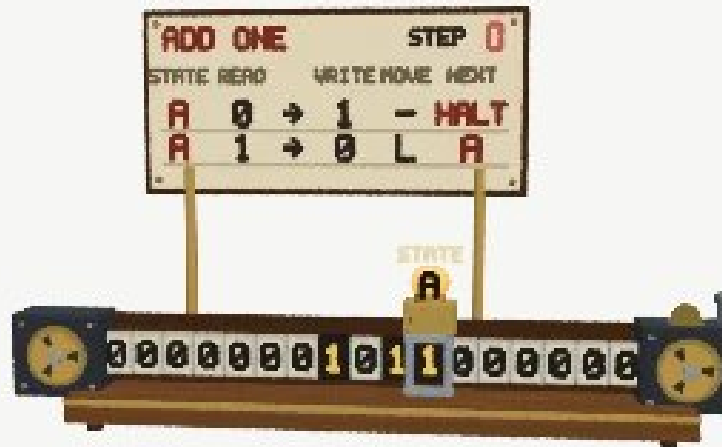

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/half-adder/

CREDITS

- Built from a recipe in the browser; no outside files.

Turing machine

Tap it to run the program on the tape. Type your own number in the Toy tab.

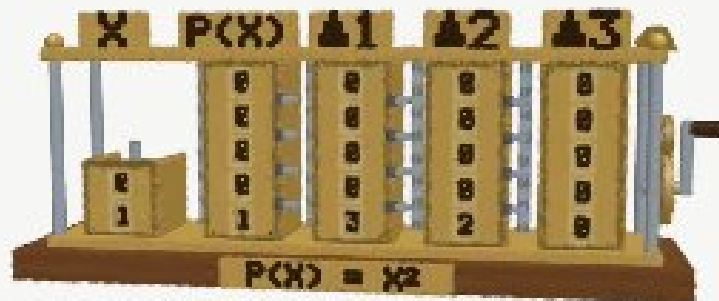

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/turing-machine/

CREDITS

- Built from a recipe in the browser; no outside files.

Difference engine

Tap to turn the crank once; tap again to keep cranking. Type your own polynomial in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/difference-engine/

CREDITS

- Built from a recipe in the browser; no outside files.

Enigma machine

Tap the keys or type to code letters. Tap the machine to decode. Tap the pad to clear it.

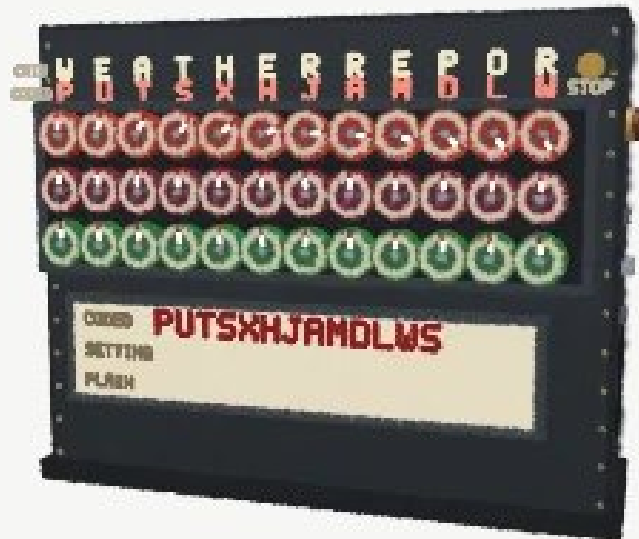

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/enigma-machine/

CREDITS

- Built from a recipe in the browser; no outside files.

Bombe

Tap it to search for the Enigma setting. Type a message to break in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bombe/

CREDITS

- Built from a recipe in the browser; no outside files.

Jack-o'-lantern

Tap to lift the lid; tap again to put it back.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/jack-o-lantern/

CREDITS

- Built from a recipe in the browser; no outside files.

Snowman

Tap to melt it and build it again. Try the Warmth slider in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/snowman/

CREDITS

- Built from a recipe in the browser; no outside files.

Fireworks

Tap it to launch a firework; tap quickly for a few at once.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/fireworks/

CREDITS

- **Sound:** [Firework Explosion 3](#) by a deleted Freesound account (deleted_user_3544904), CC0 1.0.

Decorated tree

Tap to switch the lights on or off.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/decorated-tree/

CREDITS

- Sound: [Glockenspiel - C5 \(glock_medium_C5.wav\)](#) by sgossner, CC0 1.0.
- Sound: [Sleigh bells hit](#) by Selector, CC0 1.0.

Patterned egg

Tap it to spin it. Pick a pattern and its colors in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/patterned-egg/

CREDITS

- Built from a recipe in the browser; no outside files.

Paper lantern

Tap it to set it swinging on its string; tap again for another push.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/paper-lantern/

CREDITS

- Built from a recipe in the browser; no outside files.

Diya

Tap to light the ring of diyas; tap again to put them out.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/diya/

CREDITS

- Built from a recipe in the browser; no outside files.

Menorah

Tap to put out the candles; tap again to light them one by one.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/menorah/

CREDITS

- Built from a recipe in the browser; no outside files.

Acoustic guitar

Tap it to strum a few chords.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/guitar/

CREDITS

- Built from a recipe in the browser; no outside files.

Snare drum

Tap it for a drum roll; tap again quickly for a faster, longer roll.

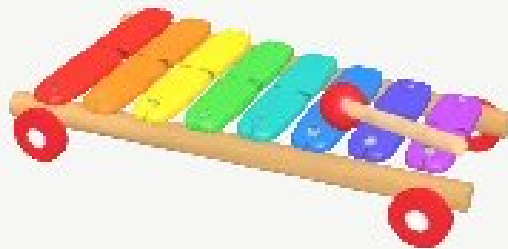

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/drum/

CREDITS

- Built from a recipe in the browser; no outside files.

Xylophone

Tap a bar, or drag across the bars for a glissando. Tap the mallet or frame to play a scale.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/xylophone/

CREDITS

- Built from a recipe in the browser; no outside files.

Toy piano

Tap or drag along the keys to play them, or tap the case to play Twinkle, Twinkle.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/toy-piano/

CREDITS

- Built from a recipe in the browser; no outside files.

Grand piano

Tap or drag along the keys to play them. Tap elsewhere for a song; the song bar plays it all.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/grand-piano/

CREDITS

- Sound: [A0.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [C#1.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [F1.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [A1.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [C#2.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [F2.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [A2.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [C#3.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [F3.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [A3.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [C#4.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [F4.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [A4.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [C#5.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [F5.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.
- Sound: [A5.ogg](#) (88 piano keys, long reverb) by TEDAgame, CC0 1.0.

Upright piano

Tap or drag along the keys to play them. Tap elsewhere for a ragtime; the song bar plays it all.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/upright-piano/

CREDITS

- Built from a recipe in the browser; no outside files.

Harpsichord

Tap a key to pluck its string, or drag along the keys. Tap anywhere else for a minuet.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/harpsichord/

CREDITS

- Built from a recipe in the browser; no outside files.

Electronic keyboard

Tap or drag along the keys; a colored button changes the voice. Tap elsewhere for a song.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/electronic-keyboard/

CREDITS

- Built from a recipe in the browser; no outside files.

Rocket

Tap it to launch the rocket.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/rocket/

CREDITS

- Built from a recipe in the browser; no outside files.

Helicopter

Tap to take off; tap again to land.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/helicopter/

CREDITS

- Sound: [Helicopter Flyby / Pass](#) by mil0001, CC0 1.0.

Hot-air balloon

Tap it to fire the burner: the balloon swells and climbs.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/hot-air-balloon/

CREDITS

- Built from a recipe in the browser; no outside files.

Steam train

Tap it to blow the whistle.

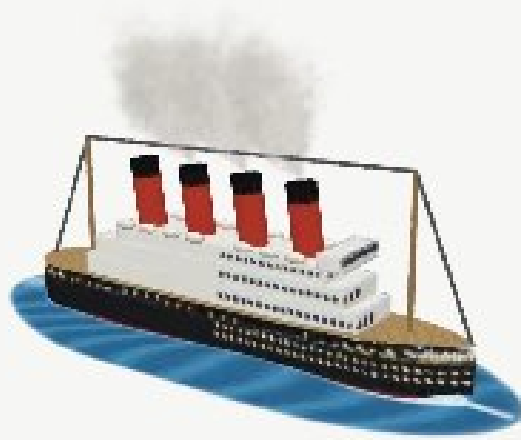

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/steam-train/

CREDITS

- Sound: [d_s478_underbridge.wav](#) by relwin, CC0 1.0.

Ocean liner

Tap it to sound the horn.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/ocean-liner/

CREDITS

- Built from a recipe in the browser; no outside files.

Sports car

Tap it to rev the engine. Hands-on: push it and it rolls on its wheels.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sports-car/

CREDITS

- Sound: [Car Engine Revving.WAV](#) by DigPro120, CC0 1.0.

Bus

Tap it to stop for passengers: the lights flash and the doors open.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bus/

CREDITS

- Built from a recipe in the browser; no outside files.

Propeller plane

Tap it to loop the loop.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/propeller-plane/

CREDITS

- **Sound:** [Aeroplane Passing Close.wav](#) by paulprit, CC0 1.0.

Jet airliner

Tap it to climb and bank left, then right.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/jet/

CREDITS

- Built from a recipe in the browser; no outside files.

Sailboat

Tap it for a gust of wind: it heels over, then rocks back upright.

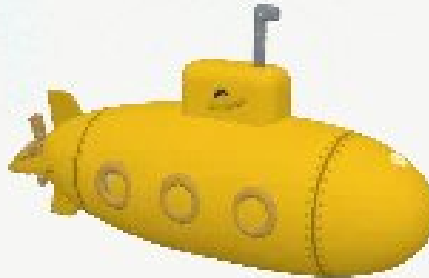

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/sailboat/

CREDITS

- Built from a recipe in the browser; no outside files.

Submarine

Tap it to dive; then it surfaces and raises its periscope.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/submarine/

CREDITS

- Built from a recipe in the browser; no outside files.

Bicycle

Tap it to ring the bell and spin the wheels.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/bicycle/

CREDITS

- Sound: [Bicycle Bell.wav](#) by PanosA, CC0 1.0.

Tractor

Tap it to make it chug: it shakes and puffs smoke.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/tractor/

CREDITS

- Sound: [Tractor whirring](#) by vonis22, CC0 1.0.

Flying saucer

Tap to switch the beam off or on.

Play with it on its page:
ryanjosephkamp.github.io/splashery/site/toys/ufo/

CREDITS

- Built from a recipe in the browser; no outside files.

Eiffel Tower

Tap it for its night show of lights and fireworks.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/eiffel-tower/

CREDITS

- **Sound:** [Firework Explosion 3](#) by a deleted Freesound account (deleted_user_3544904), CC0 1.0.

Washington Monument

Tap it for a day in a few seconds: the sun crosses and the shadow swings around.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/washington-monument/

CREDITS

- Built from a recipe in the browser; no outside files.

Pyramids of Giza

Tap it: a tiny flying saucer beams up a camel made of sand.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pyramids/

CREDITS

- Built from a recipe in the browser; no outside files.

Twisting supertall

Tap it to twist the tower further and send light up its glass.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/supertall/

CREDITS

- Built from a recipe in the browser; no outside files.

Lighthouse

Tap to switch the light off or on.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/lighthouse/

CREDITS

- Built from a recipe in the browser; no outside files.

Statue of Liberty

Tap it to make the torch flare and send up golden sparks.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/statue-of-liberty/

CREDITS

- Built from a recipe in the browser; no outside files.

White House

Tap it: the fountain shoots up and the windows light up one by one.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/white-house/

CREDITS

- Built from a recipe in the browser; no outside files.

Leaning Tower of Pisa

Tap to drop two balls from the top. Set the lean in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/leaning-tower/

CREDITS

- Built from a recipe in the browser; no outside files.

Colosseum

Tap it for a chariot race around the arena.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/colosseum/

CREDITS

- Sound: [cheering and clapping crowd 1](#) by AlaskaRobotics, CC0 1.0.
- Sound: [Horse and Carriage.mp3](#) by maadmacs, CC0 1.0.

Parthenon

Tap it for a procession. Pick the temple today or as it was in the Toy tab.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/parthenon/

Stonehenge

Tap it for the midsummer sunrise shining through the stones.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/stonehenge/

CREDITS

- Built from a recipe in the browser; no outside files.

Big Ben

Tap it: the hands spin around, the dials glow and the bell swings.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/big-ben/

CREDITS

- Built from a recipe in the browser; no outside files.

Taj Mahal

Tap it for moonlight: night falls and the white dome glows.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/taj-mahal/

CREDITS

- Built from a recipe in the browser; no outside files.

Castle

Tap to lower the drawbridge; tap again to raise it.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/castle/

CREDITS

- Built from a recipe in the browser; no outside files.

Pagoda

Tap it to ring the wind chimes; lanterns and doors light up.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/pagoda/

CREDITS

- Built from a recipe in the browser; no outside files.

Windmill

Tap it for a gust of wind that spins the sails hard.

Play with it on its page:

ryanjosephkamp.github.io/splashery/site/toys/windmill/

CREDITS
